

RECORD OF PROCEEDINGS

(January 6, 1986)

The organizational meeting of the Boston Township Trustees was reconvened on Monday, January 6, 1986. Present, Joseph Broderick, George Fisher, Jr., and Daniel Schneider. Also present were legal advisor, Edward C. Pullekens and Deputy Clerk designate, Molly Morgan.

Inasmuch as the bond for Ms. Morgan had not been received yet, she will be sworn in on Wednesday, January 8, 1986.

A motion was made by Broderick, seconded by Fisher, that the organizational meeting be called back to order. All votes - aye.

George Fisher announced that Bob Hunker would appear at the meeting on January 8, 1986, to discuss the town buildings.

It was announced that the Woodridge School Board decided against building the proposed bus turnaround on Route 303. The trustees were in agreement that no township equipment could have been used if in fact the turnaround had been constructed.

Doug Anderson was asked to check all the downspouts on the building to check for ice buildup. The trustees wanted to take precautions against the past water problems. Heat tape may be required.

The Township insurance carrier wrote a letter to Joe Dysinski saying that the township was not at fault for his dead tree.

The trustees again agreed that the zoning resolutions should be reviewed and updated. Jim Jones, zoning inspector indicated that the resolutions are so outdated that they are for all practical purposes unenforceable.

Joe Broderick indicated that many people have contacted him in regard to the construction of a second fire station. He is gathering the appropriate cost figures.

The trustees asked that Doug Anderson obtain the cost of obtaining fire proof filing cabinets for the township records.

Motion by Broderick, seconded by Schneider to adjourn. All voted aye. Meeting adjourned at 8:00 P.M.
