A letter was read from the park board asking that the speed limit on Quick and Truxell Roads be reduced to 35 miles per hour. In as much as these roads are state and county roads, the state and county would have to be responsible for reducing the speed limit.

A letter from Richfield Township stated that they would be financially unable to do any work on their part of Scobie and Major Roads.

Because election day falls on the next regular meeting day, the next meeting will be held on June 15, 1982, at 7:00 P.M.

Martin Griffith of Oak Hill Road presented a petition signed by residents of Oak Hill Road and Scobie Road objecting to using Oak Hill Road as an entrance to a proposed camping and picnic site for the park. The proposed site would provide for a parking space for 400 cars and he felt that the road was not suitable for this sort of traffic. He proposed that the park make the entrance off Riverview. He presented a letter from Mr. Seiberling and maps of the proposed camping site. Mr. Fisher stated that he would set up a meeting with park officials to discuss same.

Mr. Statts stated that a hearing was before the House asking that the park maintain their portion of roads in the park and pay for their portion of fire and police protection.

The meeting adjourned for an executive session.

After readjourning, Mr. Fisher stated that a legal question had to be decided.

Mr. Pulekkins stated that he had met with the Health Board on May 11, 1982, to discuss the water problem at Keenan and Route 8. Dr. Nelson is to look into same and a letter will be sent to the owner as same is a health hazard. Spraying will be done to control the mosquitoes.

The traffic count on Route 8 and Keenan Road should take place in late June or July.

Mr. Broderick still has no information on cable TV. The stop signs at the railroad at Boston have been taken down.
