into same)

Mr. Broderick stated that he had complaints that Parker Tire Co. is bringing wrecked cars onto his property. In as much as his business is non-conforming, this is not in violation. Mr. Broderick also stated that the Korbas, whose lake had been used in extinguishing the Parker tire fire, asked that the lake be filled by the township. The trustees stated that the lake would refill as it rained and that their damaged lawn had been repaired.

Mr. Broderick read a proposed addition to township zoning resolutions and moved that the trustees adopt the resolution. He was told that such a change in the zoning laws would have to come from the zoning commission.

Mr. Broderick felt that the trustees with other villages and townships in the CVRRA should put impact into transportation plans for the park. Mr. Fisher stated that the park could not close any roads unless the township turned them over to the park.
