The Regular Meeting of the Boston Township Trustees was called to order by Vice Chairman Donald Carpenter at 7:30 P. M. to trans-act the business of the Township. Present were Donald Carpenter, Richard Humphrey and Clerk, Longina Morgan. Absent - George Fisher, Jr.

The minutes of the previous meeting were read and approved.

The following bills were approved for payment:

JIT Life	192.00	Int City Eng	72.00	Clark's	6.45
Bearon Insurance	17.64	Myers Tax	174.18		
Ohio Edison	321.00	Terry Dr.	3.90		
W.R. Feltz Home	25.11	Frazer's	1068.95		

A copy of the road levy for the June primary was received from the Summit County Board of Elections and approved by the Trustees.

A motion was made by Carpenter, seconded by Humphrey to raise the fire insurance on the maintenance building to \$50,000. Voting yes, Carpenter and Humphrey.

Mr. Humphrey attended a meeting with the Summit County Engineer, Mr. Ralph Van Brimmer and the County Commissioner, Mr. Slusser to discuss the bridge at Everett. No matching funds were available to restore the old covered bridge and to replace it would cost approximately \$200,000. However, the Trustees felt that some type of crossing has to be made because Wheatley Road is now being highly trafficed and will soon need much repair. Mr. Carpenter asked that the County help resurface the road this Spring or summer.

Mr. Humphrey also attended a meeting regarding police protection. There will be no further reduction in clientele at Post 1 and 2 and police protection will be provided Boston Township at no cost. The balance on the 1975 contract with the Sheriff's Department will not have to be paid. What to do with the money received from the police levy was left open until all members are present. Mr. Shorty Rivers from Post 1 was present and asked that he be allowed to take off the ambulance service inasmuch as Boston Township is now being served by the Peninsula Fire Department rescue squad. A back-up unit will be kept in case of emergency. The materials purchased by the Township for the ambulances will be turned over to the Peninsula Fire Department.

Mr. Averill again asked what kind of spray would be used to combat mosquito larva. Mr. Carpenter stated that the spray would be used during the night and last only four hours so that it would not affect bees and other animals.

Mr. Humphrey was quite concerned over an article which appeared in the Cleveland Plain Dealer regarding the Cuyahoga Valley Park. The Corp of Army Engineers stated how land would be acquired for the Park which is in direct contrast to the way the original bill was put through Congress. Every effort would be made to protect people in the Township from being intimidated into selling their property.

The meeting adjourned at 8:45 P. M.

George Fisher Jr.
Chairman

Longina Morgan
Clerk
