A special meeting was called to order by Chairman George Fisher, Jr., at 8:30 P.M. to work on the proposed budget for the year 1974. Present were Trustees George Fisher, Donald Carpenter, Richard Humphrey and Clerk Morgan. to help with

Mr. Ernest Genovese was present with the work on the budget. The trustees felt that Mr. Genovese would be able to help with acquiring more funds for the purpose of running the township.

Mr. Genovese was also to check as to whether or not Benton Twp. is receiving all available for meter registrations.

He was also to inquire of the State Dept. whether or not there would be any funds available to repair Shire and Major Rds. after the work being done on Rt 303 is completed. The trustees feel that the state should help defray expenses on these roads as they are being used as detours for Rt 303.

He also was to find out whether or not rubbish collections can be held in the township and paid for out of the General Fund.

The trustees are concerned over the decision of the Summit City Engineering Dept. to close the maintenance yard in Peninsula, and having this district serviced by the yard in Macedonia, Ohio.

George Fisher moved the adoption of the following resolution:

WHEREAS, the Summit County Engineering Dept. has stated that the maintenance yard in Peninsula, Ohio, will be closed and that Benton Twp., now being served out of this yard, will be taken care of by the Macedonia yard,

THEREFORE, BE IT RESOLVED, that the Benton Twp. Trustees strongly object to the closing of the Peninsula yard because of the hazardous conditions which will arise during the winter months, placing all our residents and school children in dangerous positions and

FURTHER BE IT RESOLVED, that having our roads taken care of by the Macedonia yard, too much time will elapse before our roads will be properly taken care of.

Richard Humphrey seconded the motion. Voting yes: Fisher, Carpenter, Humphrey.

The meeting adjourned at 9:30 P.M.
