The regular meeting of the Boston Twp. Trustees was called to order by Chairman George Fisher, Jr., at 7:30 P.M. to transact the business of the township. Present were trustees George Fisher, Jr., Donald Carpenter, Richard Humphrey and Clerk Leagina Morgan.

The clerk read a letter from Mr. Fischer of the State Highway Dept. of Ravenna regarding the Kubicek property on Route 8. The state is taking part of the Kubicek property for widening of the highway and this would leave the remaining property less conferring, making it necessary for the Kubiceks to go the Zoning Board of Appeals for continuing in business should 60% of the present business be destroyed by fire or otherwise. The clerk was instructed to again write to Mr. Fischer and ask that he go to the zoning commission with further questions.

A resolution was read from Union Grange against the widening of Rt 303 and asked the trustees to use their influence in keeping this road as is. The trustees were to talk to Mr. Ralph Reinhart of the Grange regarding same.

Mr. Secrist, Dr. W. Sezen and Mrs. Seward Averill appeared at the meeting with problems on Stanford Rd. Mr. Secrist has purchased property for building a home with a proposed entrance from Stanford Rd. However, he has since found out that he is land locked by property owned by Dr. Sezen. The description of the road in the Court House does not agree with survey taken. The trustees felt that only a court decision can determine the exact survey of the road. At present there is a suit in court brought on by Ben Richards.

The clerk was asked to contact County Engineer, Ralph Van Brimmer, to set up a meeting with the trustees, Dr. Sezen and Mr. Secrist.

Mrs. Averill felt that something should be done at the top of the hill for the safety of all traveling the road.

The meeting adjourned at 8:45 P.M.
