A motion by Richard Humphrey, seconded by Donald Carpenter, to pay Edward Hodge for 31 hrs. emergency work. Voting yes: Fisher, Carpenter, Humphrey.

Signing of the fire contract with the Peninsula Village was tabled. Clarification on some parts is desired by the trustees.

Tom Jones of Tamsin Park asked the trustees to see what they could do to acquire a traffic light at the intersection of Rtes 532 and 8. He felt that many accidents at this intersection could be avoided by installing a traffic signal. With the coming of the new camping season and the reopening of Blossom Music Center, traffic will become heavier and he felt that much could be gained with the erection of said signal.

George Fisher moved the adoption of the following resolution:

WHEREAS, many traffic accidents have occurred at the intersection of State Rtes 532 and 8 in Boston Twp., and

WHEREAS, traffic on these two roads will soon be much greater with the opening new seasons at Tamsin Park and Blossom Music Center,

THEREFORE BE IT RESOLVED, that the Boston Twp. Trustees request of the Division of Highways of the State of Ohio that a traffic signal be installed at this intersection for the safety of all using said roads.

Donald Carpenter seconded the motion. Voting yes: Fisher, Carpenter, Humphrey.

Copy of same is to be sent to Francis Fisher, Division of Highways, Ravenna, Ohio.

It was noted that that the public hearing of the Phinney rezoning scheduled for March 25, 1971, at 8:00 P.M. would depend upon a court ruling to be handed down March 24, 1971.

Paul Wright was present and thanked the trustees for their cooperation in the past. Mr. Wright has been promoted to Captain and as of Mar. 26, 1971, will be in charge of Post 1 in Northfield which serves Boston Twp.

The trustees again stated their opposition to any acquisition of property by tax free units in Boston Twp.

Fisher moved the adoption of the following resolutions:

WHEREAS, presently the area has large tracts of public land available for outdoor recreational use which have not been properly utilized for said purposes, and

WHEREAS, the proposed acquisition of lands in the area by the Akron - Cleveland Metropolitan Park Districts would be detrimental to the tax structure of the governmental subdivisions involved by taking valuable land off the tax duplicate,

WHEREAS, said land is needed for the proper development of the Akron - Cleveland megalopolis by providing living space for the inhabitants of said area, and

WHEREAS, the geography and topography of the area will not permit the development of high density housing, and

\* A mutual police protection contract with Northampton Twp. was turned down in as much as the township contracts with the Summit County Sheriff's Department for police protection and therefore, has no available manpower or equipment to provide for this purpose. The trustees felt that the Northampton Twp. would automatically be protected by the same force that now serves Boston Twp.
