Donald Reinbolt, Donald Hartshorn and John Fuchalsky, Jr., were present to talk to the trustees about the possibility of a building being erected on the township grounds to house the township equipment as well as the fire department. The Village of Peninsula has no property to build needed room for the fire department. Plans were discussed for a block building on the north end of the township property with the possibility of bricking same at a later date. The cost of the proposed building would be approximately \$30,000.00. The trustees felt that the cost of same could be provided for out of the General Fund over a period of three years. A blueprint would have to be drawn and specs made up so that same could be put up for bid. No definite action will be taken until after the first of the year.

The trustees also discussed police protection for the coming year. A meeting was to be arranged with Peninsula Council to discuss what could be done if a police district were formed with Peninsula Village. Also, the trustees want to find out what the Summit County Sheriff's Dept. has to offer for the coming year.

The clerk was instructed to write to the Summit County Commissioners requesting that Sullivan Rd. at the Route 8 entrance be posted 'No Thru Trucks'. Copy of same to be sent to the Hudson Twp. Trustees.

The clerk was also instructed to follow up on the resolution requesting that Main St. in Boston be posted with a 35 mile per hour speed limit.

Edw. Hodge was instructed to purchase street identification signs as needed. Also, to purchase cold patch mix to repair holes on Stine Rd.

George Fisher moved the adoption of the 1971 budget. Richard Humphrey seconded the motion. Voting yes: Fisher, Humphrey, Carpenter.
