The regular meeting of the Boston Twp. Trustees was called to order by Chairman George Fisher, Jr., to transact the business of the township at 7:30 P.M. Present were Trustees George Fisher, Jr., John Chessar, Highway Supt. Edw. Hodge and Clerk Longina J. Morgan.

The minutes of the previous meeting were read and approved.

The following bills were approved for payment.

Vaughan's.....	13.50		
Ohio Edison Co.....	18.20		
West. Res. Telephone....	20.65		

Mr. Frank Smith, representing the Summit County Engineer's Dept., told of the county's plans for Wheatley Rd., such as grading ditches and removing shrubbery and trees on the right of way, patching and resurfacing the roads. He explained the types of stakes being used, (paddles showing the right of way and square hubs, the alignment of the road). Several residents from Wheatley Rd. were present and stated that all property owners on the road had been contacted and all desired the road to be left as it is.

The trustees felt that they had been misled in not finding out exactly what the county engineers department had in mind when they asked the trustees approval to work on the road.

The trustees felt that the desires of the residents of the township should be respected and George Fisher moved the adoption of the following resolution:

BE IT RESOLVED, by the Board of Trustees of Boston Township,

WHEREAS, all residents on Wheatley Rd. object to the approval of the Boston Twp. Trustees to the proposed work planned for Wheatley Rd. by the Summit County Engineer's Department as given on March 5, 1969,

HEREBY, BE IT RESOLVED, that the Boston Twp. Trustees rescind their approval for any work to be done by The Summit County Engineers' Department and ask that the road be left as it is with the Boston Twp. Trustees continuing maintenance and care of the road.

The motion was seconded by Chessar. Voting yes: Fisher, Chessar.

A copy of the above resolution was to be sent to County Engineer Ralph Van Brimmer.

The trustees promised the residents that Wheatley Rd. would receive the same service from its highway department as it had in the past.

Bill Deerick, representing the Majestic Homes on Rte 8, complained of the Sirpilla Trailer Sales, Inc. Violation of zoning in regard to placement of signs and trailers. He stated that same are so close to the road that they interfere with the view of Majestic Homes and their advertising sign being seen from Rte 8. Mr. Deerick was informed that Zoning Inspector Edw. Hodge will be in contact with Marvin Manes, of Weick and Genovese, to sign an affidavit for prosecution against Sirpilla Trailer Sales to move the trailer and signs back from the road.

A letter from Carl M. Goupel Const. Co., Inc., was read in which they asked that Mines Hill Rd. be closed approximately four months for the completion of a bridge. Paul Wright stated that all residents on the road had been contacted and that no one objected to the closing of the road.

The clerk was instructed to write to Geipel Const. Co. stating that the trustees approved the posting of the road as closed providing Geipel Const. Co. would post a \$10,000.00 bond insuring that the road would be left in as good or better condition as when work is started.

Carbon copy of letter to be sent to Boston Heights Village.

Fisher moved that a one man portable pump, not to exceed \$200.00, be purchased. It was seconded by Chessar. Voting yes: Fisher, Chessar.

The trustees voted favorably for construction companies to haul dirt to residents on Main St. in Boston Twp.

Charles Ausperk, with his representative Mr. James Olds, was present and complained that he had been at the last zoning commission meeting and that no one knew of the request by letter of April 21, 1969, to Betty Johnston, zoning secretary, to consider rezoning property on both sides of Riverview Rd. from the bridge at 271 to Cuyahoga County line. In as much as Mrs. Johnston was not present at the zoning meeting, a copy of the letter was secured from the township clerk and read. Mr. Ausperk felt that the letter was not enough demanding of what the commission should do. Mr. Ausperk was advised by the trustees to begin again with a request to the Zoning Board of Appeals and if necessary to take his case to court to test the law.

Paul Wright told of the incidents at Boston Hills Ski Area dance on Saturday night in which a juvenile was arrested for assaulting a patrolman who had been called in when trouble started.

He also objected to Northampton Twp. sending patrolmen into Boston Twp. territory (where they have no authority) to direct traffic to Blossom Music Center. A letter is to be sent to Don Stephens, Chairman of Northampton Twp. Trustees, stating that any traffic problems or police activity in Boston Twp. in connection with Blossom Music Center should be cleared with Sergeant Paul Wright.

Edw. Hodge was instructed to purchase limestone for summer road work from Terry Lumber & Supply Co.

Fisher moved that the hourly wage of Edw. Hodge, Highway Supt., be raised from \$4.00 to \$4.10 per hour as of July 1, 1969. Chessar seconded the motion. Voting yes: Fisher, Chessar.

The meeting adjourned 9:00 P.M.
