Present at the meeting were Dr. W. Semon and John Daily of the Akron Metropolitan Park Board regarding a request for approval by the Board of Trustees for Park Board acquisition of 505 acres of land in Boston Twp. - more than half of which is land adjacent to the southside of Virginia Kendall Park and the other two parcels (one between Columbia and Boston Mills Rd. and the other north of the intersection of Wheatley and Oak Hill Rd.

Jack Muldowney was present representing the Boston - Northampton Board of Education. He expressed regret that the township officials were not informed regarding such action by the Park Board until same appeared in the Akron Beacon Journal on this day. He expressed the disapproval of the school board of the park's acquisition of any further land as it takes funds away from the school board. Mr. Muldowney also asked for better communication between the board of trustees and the board of education.

Deputy Paul Wright made a report to the Park Board members showing that additional tax money is needed to police the territory of the township. It was also brought out that Boston Twp. through a contract with the Peninsula Fire Dept. provides fire protection for the park.

After much discussion the Board members disapproved of the Park's request.

A motion by Charles Truxell was made that the following resolution be adopted:

BE IT RESOLVED, by the Board of Trustees of Boston Township,

WHEREAS, the proposition has been presented to this board for the acquisition of 505 acres of Boston Township property by the Akron Metropolitan Park Board and that this board has been requested for its opinion,

HEREBY, BE IT RESOLVED, that the Board of Trustees of Boston Township is opposed to the acquisition of further property within the confines of the township by any and all tax free purchasers, in as much as it is the feeling of this board that the township already has too great a share of the real estate within its confines owned by sanctioned tax free units and that further acquisition would render it impossible for the Twp. to maintain necessary and fundamental services by reason of the loss of revenue.

The motion was seconded by George Fisher. Upon roll call, voting resulted as follows: Truxell, yes; Fisher, yes; Chessar, yes.

A copy of the resolution was to be sent to Mr. Daily.
