Property Owner
Address

Notice is hereby given that the public road known as Whaley Road, T. R.#442 from its intersection with Cleveland-Akron Road, S.R. #8 westerly 2564 feet being within Boston Township, Summit County, Ohio, is to be improved by grading, ditching, install necessary driveway culvert pipe and by graveling the road surface.

Copies of survey, profiles, cross-sections, estimates, specifications and tentative assessments are on file with the Trustees of Boston Township, Summit County, Ohio, for inspection and examination by all persons interested therein.

The 29th day of June 1956 at 8:00 P.M. eastern Daylight Saving Time, at Boston Township Hall is the time and place for hearing objections to said improvement and for hearing claims for compensation for all lands and property to be taken and appropriated for said improvement, and claims for damages sustained on account of said improvement, and objections to the tentative assessments, and unless such claims are filed in writing with said Trustees on or before the time fixed for hearing said claims or objections, the same shall be waived, except as to minors and other persons under disability.

General Information

This road when the improvement is completed will be township maintained road under the jurisdiction of the Boston Township Trustees.

The assessments will run for a period of 5 years and will be payable in 10 semi-annual installments. They will appear on your real property tax bills and be payable to the County Treasurer.

We estimate the interest rate at 3% per year. Over the 5 year period the total interest charge will be approximately 10% of the amount of your assessment. You will be given an opportunity to pay your assessment in case to save the interest should you wish to do so. The first assessment will most likely not be on your tax bill until 1957.

The amount of your tentative assessment is estimated to be \$
It is not likely that your actual assessment will be greater than this amount. If the bids received for doing the work should exceed our estimate no contract can be awarded. In that case our estimate would have to be revised and bids would have to be taken for the second time which of course would then increase the amount of your tentative assessment.
